1 - COMMON DEFINITIONS

For the purposes of this document, and except where otherwise provided, the following terms have the following meanings:

Business Expenses

All expenses incurred by the Cardholder in the course of an activity on the firm's behalf.

Cardholder

Any individual to whom the Insured Person has personally given one or more Cards in order to meet his business expenses and who has an employment or apprenticeship contract with the Insured Person.

Card

The MasterCard 'Carte professionnel' issued by the Policyholder and to which the cover is attached. However, persons who hold several MasterCard corporate cards automatically benefit from the most extensive cover, both for themselves and for the other Insured Persons, whichever card is used for payment. The same applies to dynamic virtual cards, which do not in any way change the cover attached to the card to which they are linked.

If a MasterCard cardholder pays for a service on behalf of other holders of a MasterCard corporate card, the cover from which they benefit will be that of the card they hold.

Claim Event

Any Fraudulent Use that occurs following loss or theft of a Card between the time when the Card is lost or stolen and the time when the Insured Person or Cardholder reports the loss or theft to the Card issuer's card loss centre or a card loss centre recognised by it.

All fraudulent transactions carried out following the same loss or theft constitute a single Claim Event.

Claim

Any Fraudulent Use that occurs following loss or theft of a Card between the time when the Card is lost or stolen and the time when the Insured Person or Cardholder reports the loss or theft to the Card issuer's card loss centre or a card loss centre recognised by it.

All fraudulent transactions carried out following the same loss or theft constitute a single Claim Event.

Deductible

Lump-sum amount set at Article L. 132-3 of the Monetary and Financial Code that remains payable by the Insured Person following a Claim.

Fraudulent Use

Any payment or withdrawal made by a Third Party using one or more of the Insured Person's Cards lost or stolen during the validity of the Card.

Force Majeure

Any unforeseeable and irresistible event occurring without human agency such as to render performance of the contract absolutely impossible, as customarily recognised by the case law of the French courts, is deemed to have been caused by force majeure.

Insured Person

The firm or the Cardholder to whose account the Card is attached, resident in a country of the European Union .

Third Party

Any person other than:

- the Cardholder and his* partner,
- their ascendants and descendants,
- employees, whether paid by the Insured Person or not, in the performance of their duties.

* In this document, use of the masculine gender includes use of the feminine gender.

SCOPE OF COVER

The purpose of this cover is to assume direct pecuniary losses suffered by the Insured Person in the event of payments or withdrawals made fraudulently by a Third Party using one or more of the his Cards lost or stolen during the validity of the Card, insofar as such fraudulent transactions are carried out between the time when the Card is lost or stolen and the time when the Insured Person or Cardholder reports the loss or theft to the Card issuer's card loss centre or a card loss centre recognised by it.

GEOGRAPHICAL SCOPE

The cover extends **WORLDWIDE**:

- wherever the Card is lost or stolen,
- wherever the Fraudulent Use occurs.

Compensation is always paid in France.

INSURER'S MAXIMUM PAYOUT

For each Card, the cover applies:

- either up to the amount of the Deductible payable by the Cardholder,
- or up to the amount of the misappropriated sums in the event of gross negligence by the Cardholder,

in accordance with the prevailing laws and regulations.

Lump-sum compensation of **€50** will be paid for each Claim to offset any costs the Cardholder may have had to pay in connection with the Claim.

The amount of the benefit per year is depleted by the amount of compensation paid or payable in chronological order of occurrence of the Claim Events.

Any Claim is ascribable to the calendar year in which the Card is lost or stolen or, if there is any doubt as to the date of occurrence, to the calendar year in which the loss or theft of the Card was discovered.

In all events, the maximum compensation amount will not exceed **€3,000** per calendar year.

If all or some of the direct pecuniary losses are recovered, the Insured Person should inform the Insurer immediately.

1. If recovery takes place before any compensation is paid, the Insurer is required to pay only:

- compensation corresponding to unrecovered pecuniary losses,
- compensation corresponding to the costs incurred by the Insured Person (or on his behalf), with the Insurer's consent, for recovery,

within the limit of direct pecuniary losses suffered by the Insured Person and a maximum of €3,000 per calendar year.

2. If recovery takes place after compensation has been paid, any amount recovered (minus costs incurred in connection with recovery) is payable:

- first to the Insured Person, up to the amount of pecuniary losses exceeding the Insurer's compensation,
- then to the Insurer up to the amount of the compensation paid.

In the event of failure to comply with this obligation, the Insurer may, under the French Insurance Code, reduce the compensation in proportion to the damage caused by such failure, unless the Insured Person can provide proof that he was unable to report the claim within the given time limit on account of an accidental occurrence or Force majeure.

2 - COMMON PROVISIONS- ASSISTANCE PART

PURPOSE OF THE POLICY

Under the conditions set forth below, the purpose of the policy is to provide the Beneficiary during the first 90 days of professional, with assistance if the following events (which must remain uncertain at the time of departure) should occur:

- bodily injury following illness or accident,
- death,
- hospitalisation or death of a Family Member,
- legal proceedings abroad,
- theft or loss of certain personal effects abroad.

MAKING A CLAIM : HOW TO BENEFIT FROM ASSISTANCE

In order to take advantage of the benefits provided under the policy, the Beneficiary must:

- contact or get someone else to contact the Assistance Company as soon as he is aware of an event likely to entail the provision of a benefit by telephone on the number on the back of the card,
- provide the vouchers the Assistance Company deems necessary to assess entitlement to benefits, failing which the Assistance Company will refuse to provide benefits and/or reinvoice any expenses already incurred;
- give the Assistance Company medical staff free access to medical information about him;
- ensure that all information provided is accurate;
- comply with the solutions recommended by the Assistance Company.

VERY IMPORTANT

The benefits described below are designed to be organised exclusively by the Assistance Company, which will settle the cost directly with the providers it commissions. Exceptionally, if the circumstances so require, The Assistance Company may authorise the Beneficiary to organise some or all of a benefit. In such case, expenses incurred with the express prior consent of the Assistance Company will be reimbursed on presentation of original vouchers up to the amount of the cost that the Assistance Company would have incurred if had provided the benefit itself.

Lack of medical facilities, difficulties of access and long intervention times make assistance particularly difficult in certain areas and should incite travellers to caution. Travellers with chronic ailments or risk factors should not travel to areas where medical care cannot be provided while awaiting the intervention of the Assistance Company.

The Assistance Company cannot under any circumstances replace local emergency services.

CONDITIONS OF APPLICATION: GEOGRAPHICAL SCOPE OF BENEFITS

Benefits will be provided outside the Beneficiary's Place of Residence:

- for the first 90 days of a professional trip,
- worldwide except in excluded countries. There are geographical restrictions on some benefits, mentioned in the description of the benefits concerned.

3 - SPECIFIC PROVISIONS – ASSISTANCE PART

BODILY INJURY FOLLOWING ILLNESS OR ACCIDENT

If the Beneficiary suffers an illness or accident, the Assistance company's medical staff will:

- contact the local physician who has examined the Beneficiary,
- collect all necessary information from the local physician and, where relevant, from the Beneficiary's usual physician.

On the basis of this information, the Assistance company's medical staff will decide, strictly according to the Beneficiary's medical interest and in compliance with the prevailing health regulations, either:

- to arrange for the Beneficiary to be transported to his Place of Residence or to an appropriate hospital close to his Place of Residence, or
- to hospitalise the Beneficiary locally in a nearby healthcare centre before envisaging a return to a facility close to his Place of Residence.

The Assistance company's medical staff may take steps to find a bed in a medically suitable facility.

The information from local physicians or the Beneficiary's usual physician, which may be vital, helps The Assistance company's medical staff to take the most appropriate decision.

In that respect, it is expressly agreed that the final decision, to be taken in the Beneficiary's medical interest, lies in the last resort solely with The Assistance company's medical staff.

If the Beneficiary refuses to abide by the decision considered by the Assistance company's medical staff to be the most appropriate, he expressly relieves The Assistance company of all responsibility, including if he returns by his own means or his medical condition worsens.

TRANSFER AND/OR REPATRIATION OF THE BENEFICIARY

The Assistance company will organise and assume the cost of transporting the Beneficiary if his medical condition leads his physicians, under the conditions set forth above, to take such a decision.

The Beneficiary will be transported by all appropriate means (taxi, light medical vehicle, ambulance, train in first class, scheduled flight in economy class, air ambulance, etc.), if necessary under medical supervision. The only factors taken into consideration when choosing the means of transport are the Beneficiary's medical interest and compliance with the prevailing health regulations.

This benefit is never provided for benign disorders or lesions that can be treated locally and do not prevent the Beneficiary from continuing his trip or stay.

REPATRIATION OF AN ACCOMPANYING BENEFICIARY

Where a Beneficiary is transported under the conditions set forth in the preceding paragraph "Transfer and/or repatriation of a Beneficiary", the Assistance company will organise and assume the cost of transporting another Beneficiary travelling with him to the Beneficiary's place of hospitalisation or Place of Residence by all appropriate means (taxi, light medical vehicle, ambulance, train in first class, scheduled flight in economy class, air ambulance, etc.).

This benefit is restricted to a single person. However, if the transported Beneficiary is accompanied by more than one Beneficiary, the Assistance company may organise the transport, together or separately, of the other Beneficiaries, without assuming the cost thereof.

ACCOMPANIMENT OF CHILDREN UNDER 15

Where a Beneficiary falls ill or is injured while travelling and finds it impossible to look after his accompanying children under the age of 15, The Assistance company, after consulting the local physicians and/or his own physicians, will organise and assume the cost of a return journey (from the Place of Residence) by train in first class or on a scheduled flight in economy class for a person chosen by the Beneficiary or the Beneficiary's family to accompany the children during their return to their Place of Residence.

The Assistance company may also commission a hostess to accompany the children back to their Place of Residence.

Accommodation, meals and refreshments for the person chosen by the Beneficiary or the Beneficiary's

family to bring back the children are at the Beneficiary's expense, as are the children's tickets.

VISIT OF A CLOSE RELATIVE IN THE EVENT OF HOSPITALISATION

If the Beneficiary is travelling alone or if the family members accompanying him are unable to visit him in hospital when he is hospitalised in the place where he suffered his illness or accident and the Assistance company's medical staff recommend that he should not be moved for at least 10 days (if the Beneficiary is a child under 15 or if the Beneficiary is deemed by the Assistance company's medical staff to be suffering from a life-threatening condition there is no limit on the length of stay in hospital), the Assistance company will organise and assume the cost of:

- a return trip (from the Place of Residence) by train in first class or on a scheduled flight in economy class for a person chosen by the Beneficiary or the Beneficiary's family to visit the Beneficiary in hospital;
- the person's stay in a hotel (room and breakfast only) in the place of hospitalisation, for as long as the Beneficiary is in hospital, up to a maximum of **€65** incl. tax per night for 10 nights. If the hospitalised Beneficiary can still not be moved after that deadline, the Assistance company will assume the cost of an extended stay up to **€300**.

This benefit is not cumulative with the "Repatriation of an accompanying Beneficiary" benefit.

MEDICAL EXPENSES ABROAD (EXCLUDING FRANCE AND THE COUNTRY OF RESIDENCE)

This benefit applies only to Beneficiaries affiliated to an Insurance Scheme.

Where medical costs have been incurred with its prior consent, The Assistance company will reimburse the Beneficiary for the portion of such costs not assumed by Insurance Schemes.

The Assistance company intervenes only after the above-mentioned Insurance Schemes have made their reimbursements, applying an across-the-board deductible of **€75** per case, subject to provision of the original proofs of reimbursement issued by the Beneficiary's Insurance Scheme.

Such reimbursement covers the costs defined above, provided they relate to treatment received by a Beneficiary outside France and his Country of Residence following an illness or accident occurring outside his Country of Residence.

In such case, the Assistance company will reimburse the amount of costs incurred up to a maximum of **€11,000** incl. tax per Beneficiary per event per year.

If the Insurance Scheme to which the Beneficiary is affiliated does not assume the medical costs, The Assistance company will reimburse the costs incurred up to the limit of the amount stated above, subject to provision by the Beneficiary of the original invoices for medical costs and a certificate of non-coverage issued by the Insurance Scheme.

The benefit shall cease on the day when the Assistance company is able to repatriate the Beneficiary.

Type of costs giving entitlement to reimbursement (subject to prior consent):

- medical fees,
- cost of drugs prescribed by a physician or surgeon,
- cost of an ambulance prescribed by a physician for transport to the nearest hospital, only if the Insurance Schemes refuse to assume it,
- hospitalisation costs provided that the Beneficiary is deemed non-transportable by a decision of The Assistance company's medical staff taken after receiving information from the local physician (hospitalisation costs incurred as of the day on which The Assistance company is able to repatriate the Beneficiary are not covered),
- cost of emergency dental treatment (up to a maximum of **€155** incl. tax per event, with no deductible).

EXTENSION OF THE BENEFIT: ADVANCE OF HOSPITALISATION COSTS ABROAD (EXCLUDING FRANCE AND THE COUNTRY OF RESIDENCE)

Within the limit of the amounts of cover referred to above, the Assistance company may advance hospitalisation costs incurred by the Beneficiary outside France and his Country of Residence under the following cumulative conditions:

- after obtaining information from the local physician, the Assistance company's medical staff must deem it impossible for the Beneficiary to be immediately repatriated to his Country of Residence;
- the treatment to which the advance applies must be prescribed with the agreement of the Assistance company's medical staff;
- the Beneficiary or any person authorised by him must formally undertake, by signing a specific document provided by The Assistance company when the benefit is provided:

- to take steps to have Insurance Schemes assume the costs within 15 days of the date on which The Assistance company sends the necessary information for such steps;
- to repay the Assistance company amounts received in that respect from Insurance Schemes within a week following receipt thereof.

Within the limit of the amount of cover for the "Medical costs in another country" benefit, The Assistance company will assume only the costs not assumed by Insurance Schemes. The Beneficiary must provide The Assistance company with the certificate of non-coverage issued by the Insurance Schemes within a week following receipt thereof.

Beneficiaries who fail to take steps to get Insurance Schemes to assume the costs within the specified time or fail to provide The Assistance company with the certificate of non-coverage issued by the Insurance Schemes within the specified time may not under any circumstances claim the "Medical expenses abroad" benefit and must repay all hospitalisation costs advanced by The Assistance company, which will where appropriate take all relevant steps to recover such costs at the Beneficiary's expense.

REPLACEMENT DRIVER EXCLUSIVELY FOR A ROAD COMPANY

In case of unavailability due to accident or illness of the driver and in the absence of any other person who might replace him, the Assistance company will send a driver designated by the insured Road transport company to the place where the vehicle is immobilized. The vehicle must comply with the requirements of traffic laws.

The Assistance company will support a one way ticket for the person designated by the insured Road transport company to go and collect the vehicle:

- In economy class air travel (including two taxi rides to and from the airport),
- By Train 1st class (including two taxi rides to and from the station)
- By taxi over a maximum distance of 100km,
- With a rental car to the limit of the category B (with reference to the classification of professional renters brief), for a maximum of **300 euros excluding taxes**, depending on local availability. A rental car is available provided that the person designated by the Insured fulfils all the conditions required by leasing companies.

This benefit applies only in the countries of the European Union.

TRANSMISSION OF URGENT MESSAGES FROM ABROAD

When the Beneficiary is travelling outside his Country of Residence, The Assistance company can arrange for the transmission of urgent messages to his employer or a Family Member if the Beneficiary is not in a position to transmit them himself.

DEATH

REPATRIATION OF THE BODY

If a Beneficiary dies while travelling, the Assistance company will organise and assume the cost of repatriating the body.

If the funeral takes place in the Beneficiary's Country of Residence, the Assistance Company will assume:

- the cost of transporting the body to the place of the funeral close to the Place of Residence,
- costs in connection with preserving the body imposed by the prevailing legislation,
- direct costs incurred in transporting the body (handling, specific transport arrangements, packaging).

All other costs are borne by the Beneficiary's family.

If the funeral takes place outside the Beneficiary's Country of Residence, the Assistance company will organise repatriation of the body to the international airport nearest the place of the funeral and will assume expenses up to the amount that would have been incurred in order to repatriate the body to the Beneficiary's Place of Residence.

REPATRIATION OF AN ACCOMPANYING BENEFICIARY

Where a Beneficiary's body is transported under the conditions set forth above, The Assistance company will organise and assume the cost of transporting an accompanying Beneficiary by all appropriate means (taxi, light medical vehicle, ambulance, train in first class, scheduled flight in economy class) to the place of the funeral close to the Place of Residence in the Country of Residence or, if the funeral takes place outside the

Country of Residence, to the international airport nearest the place of the funeral. In the latter case, expenses will be assumed up to the amount that would have been incurred in order to transport the accompanying Beneficiary to the Beneficiary's Place of Residence.

The benefit described above is limited to one person. However, if the deceased Beneficiary was accompanied by more than one Beneficiary, The Assistance company can organise the transport, together or separately, of the other Beneficiaries, though it will not assume the cost.

HOSPITALISATION OR DEATH OF A FAMILY MEMBER

EARLY RETURN IN THE EVENT OF HOSPITALISATION OF A FAMILY MEMBER

If a Beneficiary, while travelling, learns that a Family Member residing in the same country as him has been hospitalised unexpectedly for more than 24 consecutive hours, the Assistance company will organise and assume the cost of his return so that he can visit the Family Member in hospital.

The benefit is limited to one Beneficiary per card. The Assistance company will assume the cost of a return journey for the Beneficiary by train in first class or on a scheduled flight in economy class.

The Assistance company reserves the right to ask for a certificate of hospitalisation for the Beneficiary's Family Member and/or a certificate of inheritance.

EARLY RETURN IN THE EVENT OF DEATH OF A FAMILY MEMBER

If a Beneficiary, while travelling, learns that a Family Member residing in the same country as him has died, the Assistance company will organise and assume the cost of his return so that he can attend the funeral near the Beneficiary's Place of Residence.

The benefit is limited for each card:

- either to the cost of the return journey for a Beneficiary,
- or the cost of a single journey for two Beneficiaries travelling together,

by train in first class or on a scheduled flight in economy class.

The Assistance company reserves the right to ask for a certificate of death of the Beneficiary's Family Member and/or a certificate of inheritance.

THEFT OR LOSS OF CERTAIN PERSONAL ITEMS ABROAD

DISPATCH OF MEDICINES ABROAD

Where the Beneficiary, travelling outside his Country of Residence, is deprived through loss or theft of medicines essential for his health, The Assistance company will arrange to obtain and dispatch them, if they or equivalent medicines advised by The Assistance company's medical staff are unavailable locally (provided that the Beneficiary supplies the contact details of his usual physician).

The Assistance company will arrange for the medicines to be dispatched by the quickest means possible, subject to local and French legal requirements, and will reinvoice the Beneficiary for customs charges and the price of the medicines.

DISPATCH OF GLASSES OR HEARING AIDS ABROAD

If the Beneficiary is unable to obtain the glasses, contact lenses or hearing aids he usually wears following the theft or loss of such items while travelling outside his Country of Residence, The Assistance company will arrange to have them sent to him by the most appropriate means.

The request, submitted by the Beneficiary, must be sent by fax, e-mail or registered mail and give full and precise details of the glasses (type of lens, frames), contact lenses or hearing aids.

The Assistance company will contact the Beneficiary's usual optician or hearing-aid technician in order to obtain a prescription. The Beneficiary will be informed of the price of making new glasses, contact lenses or hearing aids and asked to give his written consent and an undertaking to pay the corresponding invoice before they are dispatched.

If he fails to do so, the Assistance company cannot be required to provide the benefit.

The Assistance company will assume the cost of dispatching the new glasses, contact lenses or hearing aids by the quickest means, subject to local and French legal requirements, and will reinvoice the Beneficiary for customs charges and the price of making the items.

The Assistance company declines all responsibility if, for reasons beyond its control (manufacturing lead times or any other case of Force Majeure), the glasses, contact lenses or hearing aids do not arrive at the scheduled date.

ADVANCE OF FUNDS

In the event of loss or theft of cash or other means of payment, The Assistance company may advance up to €1,000 against the provision of a security.

The Beneficiary undertakes to repay the sums advanced within two months of the invoice date.

These common provisions are applicable to both insured as defined in Part 1 (1.1 - Common Definitions - Part Insurance) as beneficiaries as defined in section 2 (2.1 Common Definitions - Part Assistance).

PROVISION OF INFORMATION

The Policyholder undertakes to provide the Cardholder with this notice when the Card is subscribed. If any terms of the policy are amended, the Policyholder will inform Cardholders thereof by any means at its convenience at least three months before the amendments take effect.

AGGREGATION OF BENEFITS

Under Article L. 121-4 of the French Insurance Code, whoever is insured with several insurers under several policies for a same interest against a same risk must immediately inform each insurer of the other insurers. On doing so, the Insured Person must state the name of the insurer with which another policy has been taken out and the amount insured.

DELAÏ DE PRESCRIPTION

In accordance with the provisions of Articles L114-1 et seq of the Insurance Code, all actions arising from a contract of insurance are time-barred 2 years after the date of the event giving rise to the action. However, this period will only start to run:

- 1 In the case of concealment, omission, false or inaccurate provision of information in respect of the risk to be covered: from the date the Insurer becomes aware of the event;
- 2 In the case of an event giving rise to a claim: only from the day on which the interested parties become aware of it, if they prove that they have ignored it until then.

When the action of the Insured against the Insurer results from a claim by a third party, the statutory limitation period shall only start to run from the day upon which that party has taken legal action through the courts against the Insured or has been compensated by the latter.

The statutory limitation period is extended to ten years in contracts of insurance against accidents to the persons where the Beneficiaries are the legal heirs of the deceased Insured.

The statutory limitation period is interrupted by one of ordinary causes of limitation period interruption, namely by:

- any court summons, including interim proceedings, any court order to pay or seizure, served on the person seeking to invoke the statutory limitation periods in an attempt to prevent him from so doing;
- any unequivocal recognition by the Insurer of the Insured's right to receive insurance benefits, or any recognition of debt by the Insured in favour of the Insurer;
- as well as in the other following cases provided for under article L114-2 of the Insurance Code:
 - any designation of an expert following an event giving rise to a claim;
- the sending of a registered letter with acknowledgment of receipt by:
 - the Insurer to the Insured for non-payment of premium;
 - the Insured to the Insurer for payment of the insurance benefit.

As an exception to article 2254 of the Civil Code, the parties to an insurance contract may not, even by mutual agreement, either change the duration of the statutory limitation periods, nor add to the grounds for suspension or interruption of the same.

GOVERNING LAW

This policy is governed by French law. If there is any difference of legislation between the French Penal Code and prevailing local criminal law, it is agreed that the French Penal Code will prevail, whatever the country in which the claim event occurs.
